

Spotlight On Aston Martin

New Roadster is elegant and uncompromising

The Mayor of Elmbridge, Cllr Vic Eldridge, at the launch.

HWM Aston Martin unveiled the new V8 Vantage Roadster and V8 Vantage Coupé Sportshift to customers at its new, state-of-the-art showroom in Walton earlier this month.

It was the first opportunity for Aston Martin fans to view the new convertible in the UK, following its world debut at the Los Angeles Motor Show in November last year and its European debut at the Geneva Motor Show at the beginning of the month.

The event was one of a series of exclusive UK dealer previews for existing Aston Martin owners.

The V8 Vantage Roadster is the 14th convertible Aston Martin since 1950, the latest in a long line of open-top models that began with the innovative DB2

and includes iconic cars such as the DB5, DB6 and DB7.

It is the first Aston Martin convertible to wear the Roadster badge and the design is elegant and uncompromising, combining 21st-century style with traditional craftsmanship, from the hand-finished bodies to the hand-stitched leather seats, using the finest quality materials that are synonymous with Aston Martin.

The V8 Vantage Roadster is an exclusive, advanced and uniquely desirable sports car.

For more information, contact HWM Aston Martin, New Zealand Avenue, Walton, on 01932 240611.
