Swish solutions at Fascia Place

THE range of products available in PVC and PVCu from The Fascia Place is really quite amazing.

Most people believe windows and doors are only available in white, but with modern manufacturing processes there are a multitude of colours that make preparation and repainting a thing of the past.

The company can also supply fencing, cladding, verandas and balconies with laminate flooring.

Welcome to the neat, clean world of Swish PVC boards where dirt, grime and rot are banished. Your home is under constant attack from the elements and there is nowhere

more difficult to get at with a paint brush than the boarding around your roof.

Swish cellular PVC Roofline boards never need painting and never rot, maintaining their good looks for years.

The Fascia Place offers the latest in security combined with style. Sekura is a whole new generation of windows and doors.

Head office is in Camberley at 26 Doman Road, York Town Industrial Estate (01276 65498).

The Guildford branch is at Unit D, Woodbridge Park Estate, Woodbridge Road, call 01483 301666.

Free calls from Cavendish

CAVENDISH Communications is offering free local calls for all existing and new business customers to thank Surrey businesses for their support over the past 17 years.

"As a Guildford resident, I'm excited about this special promotion. All companies are looking to lower expenses and we are happy to offer products that accomplish this," said Tony Suffoletto, sales director.

"Simply phone Cavendish and the free calls can start in about two weeks. The switch over is painless – just fill in a form and it's done," said Antony Sullivan, network specialist.

Cavendish will offer significant savings on BT lines to go with this promotion. It also offers savings in excess of 20% through its 'aggressive' mobile phone business tariffs.

Cavendish Communications has been in operation since 1990 and specialises in the supply and service of telecom equipment such as phone systems, BT lines, call charges, mobiles, Voice over IP, structured cabling and IT services. It started with two employees and has grown to more than 50 today. Call Cavendish Communications can be reached on 08452416916.

Lose weight and enjoy real food

YOU really can with Slimming World. And the great news is there's a new group opening in Farncombe, at Loseley Field Children's Centre, Green Lane on Tuesday, October 2 at 7pm.

Consultant Debbie Sampson has been with the company for four-and-a-half years running a group in Milford – you may recently have read about their Young Slimmer of the Year making the national finals.

"I am really excited about the opening. I realised one group in the area wasn't enough as not everyone can make Thursdays. So I made it my mission to give more people the chance of an eating plan that works and, works for life," said Debbie.

With Slimming World's Food Optimising, you can enjoy real food such as curry, steak and kidney pudding, fish and chips

Successful slimmers.

(yes chips!) and finish it all off with apple strudel and custard

or toffee apple cheesecake, and even enjoy a glass a wine with it.

"I reached my target weight, which means I am a life member and never have to pay to rejoin. "All consultants have been members so they understand the weight loss journey.

The things I loved about mine were the amount of food you can eat without the need to weigh (if I'm hungry, I eat), and meeting up with all the friends I made.

"It's great knowing I wasn't alone – the support and inspiration I received from the meeting and my consultant each week kept me going."

To find out more, give Debbie a call on 01483 548692 or 07956 218989.
