The Milford Window Company

THE Milford Window Company is your local window, door and conservatory installer, specialising in PVCu and aluminium.

It is a family run business that has established itself as a reputable company over the years, the majority of its work generating from recommendations and referrals, which it prides itself on.

The firm has decided not to follow the trend and go down the "bargain basement" product line and instead offers superior quality hardware such as a choice of stylish handles including "gun metal" and polished chrome, hinges, door and window gearing, locks, and so on, at sensible prices.

Over the last year it has introduced some fabulous new products which are proving to be very successful. These include bi-fold doors - an exciting alternative to patio doors. Its workmen are the company's employees; sub-contractors are not used. For further information, call 01483 426141.
