# Tyre team ready to celebrate the top 10

GUILDFORD Tyre Company is holding an open day on Saturday, May 10, to celebrate the 10th anniversary of its Motorcycle Fast Fit branch.

Since opening its first motorcycle only branch in Slyfield back in 1998, Guildford Tyre Company

has become Surrey's premier motorcycle tyre supplier. Now operating from its purpose-built workshops in Chilworth, Surrey, Guildford Tyres is offering all customers an extra £10 off per tyre fitted to celebrate the 10th birthday weekend.

All the major tyre manufacturers will be in attendance at the open day. The likes of Michelin, Bridgestone, Avon, Pirelli, Metzeler and Dunlop will all have staff and stands on display.

There will also be other trade stands, including Vines BMW and many other motorcycle main dealerships.

Many local motorcycling clubs will also be present. Surrey Harley Davidson Owners Group (Surrey HOG) will be showing off its American muscle alongside Wey Valley Motorcycle Club.

There will also be displays of race bikes, vintage motorcycles and off-road bikes to look at.

Guildford Tyre Company will also be giving away free merchandise material with each purchase.

A free raffle will also be drawn with many great prizes. A barbecue will provide refreshment while you wait for your bike to be finished.

Guildford Tyres specialises in keeping up to date in the latest tyre technology and evolutions. The development of multi-compound motorcycle tyres last year has revolutionised the road tyre market.

Michelin launched its new Pilot Road 2s and Pilot Power 2CTs - both have three different

compounds of rubber on both their front and rear fittings.

Pirelli also launched the Pirelli Diablo Corsa III last year.

Dunlop has also launched its new Roadsmart and Qualifier RR multi-compound products.

Bridgestone have followed on this year by launching the new BT016.

Guildford Tyre Company motorcycle fast-fit branch in Chilworth offers all these products readily available off the shelf.

It also stocks most Pirelli, Continental and Metzeler race and track day tyres on the shelf.

Special fitted prices are offered to all you track day heroes, with all compounds available. Guildford Tyres also offers a full mechanical service and can carry out MoTs.

Most of the popular chains and sprockets, EBC brake pads, batteries, and wheel bearings are in stock, so these can be fitted while you wait.

So, pop down to Chilworth on Saturday, May 10, and join in the celebration.

With great deals available and plenty to see, it will be a great day for all motorcycle enthusiasts. Let's hope the sun is shining!

For any further information or inquires, call 01483 531831.

Staff at the Motorcycle Fast Fit Centre at Chilworth ready to welcome you.

Expect some mighty Harley Davidsons at Guildford Tyre Company's Motorcycle Fast Fit Centre anniversary.
