Don't rip out, just Re-Nu

MOST fitted kitchens, even if they are tired, have a good basic construction but the doors, drawer fronts and sometimes the

worktops can make a kitchen look outdated. In 1986, Re-Nu pioneered the idea of renovating kitchens by

making and fitting new doors, drawer fronts and worktops. As the most experienced in this method in the industry,

Re-Nu has enabled countless customers to enjoy a modern, stylish kitchen without the expense and the upheaval

of having their units ripped out and then completely replaced.

It's as simple as this: Re-Nu surveys your kitchen and helps you select new doors, worktops etc from its extensive range and gives you a fixed price quotation with no hidden extras.

You will be pleasantly surprised at how quickly the work is carried out by the company's own fitters and how little mess and disruption it causes.

Most of Re-Nu's refurbishments take just a day or two to complete.

Choosing Re-Nu makes a great deal of sense. You save money, it's quick and efficient and your refurbished kitchen will look like new, as you can see from these photos.

For more information and to book a survey, call Re-Nu on 0800 195 8641. Alternatively, visit www.re-nukitchens.co.uk for further details.

This outdated kitchen (above) has been swiftly modernised with a little help from Re-Nu.

You will find Desire Furnishings on The Corner in West Byfleet village centre.
