## Let Re-Nu revitalise your kitchen

ARE you tired of looking day in, day out at your kitchen but can't face the mess, trauma and expense of a total refit?

We all want value for our hard earned money and hate waste, so why rip out your existing kitchen if the basic units are OK, but the doors are damaged or worn, or are the wrong colour? Re-Nu

Kitchens, a local family-run business, could provide the answer. Re-Nu can completely change a worn out kitchen to make it look brand new by replacing the doors with new doors from its extensive range, which are made to measure and fitted by craftsmen.

Relative to ripping out your entire kitchen, the Re-Nu

method is very quick, involves an absolute minimum of mess and disruption, and costs about 50% of the cost of a totally new kitchen. You don't even have to visit a showroom because a Re-Nu surveyor visits you with an extensive range of samples so you can see what your "new" kitchen will look like in comfort of your own home.

In addition to doors, Re-Nu can fit new work-tops, light pelmets, cornices, skirting boards, gallery units, sinks and appliances; in fact everything necessary to re-model and tailor your kitchen to your exact requirements.

A satisfied customer commented: "I would never believe that by having new doors and drawer fronts that my kitchen would look so different."
