MEDIEVAL CHRISTMAS FESTIVAL

WALLINGFORD Business Partnership will be hosting a late night shopping evening in the town on Thursday, December 7, from 6pm-9pm. The town centre will be closed to traffic and a host of splendid activities are due to take place

reflecting Wallingford's illustrious medieval history. The evening will begin with a parade followed by fire eaters, jugglers, stilt walkers, medieval musicians, morris dancers, historical re-inactments of duelling knights, King Stephen astride the Lloyds black horse and a Spanish grey baring Matilda. To warm the toes and help things

go with a swing, market stalls will be selling mulled wine, hog roast, pies and sweet meats as well as winter favourite, chestnuts. As always, Father Christmas will be holding court in Pettits, the choir of St Mary's Church will be singing carols and charity stalls will be situated in and around the town centre. The festivities will reach a rousing climax with a superb

firework display. It is hoped as many people as possible will join the spirit of the event by donning medieval costume and joining the parade which will assemble at the Kinecroft at 5.45pm. Wallingford Business Partnership looks forward to giving everyone a memorable evening. Verily, ye are summoned to attend.

CLASSIC BEAUTY

IN 2001, having trained and qualified as a beauty therapist, I opened my own salon, Classic Beauty in Wallingford. The raison d'être for Classic Beauty is to conduct all types of beauty therapy in a relaxed and friendly atmosphere, where the customer can be sure to enjoy the experience with approachable staff and a range of treatments that put the rigours and pace of modern life to one side for that period of time and let you have a few moments of peace and luxury. To help me achieve this aim I chose the Darphin range of products to use in the salon and to sell. Why Darphin?

As a beauty therapist, I like their use of natural ingredients that deliver all I expect across the range and compliment all the treatments that Classic Beauty offers. Darphin provides me with excellent back-up support, enhancing the treatments I give with the very latest and best products, ensuring my customers are rewarded with an enjoyable experience. We have been open for a year now and built up a good reputation and clientele. Our treatment range is broadening and as well as the beauty treatments, we offer a sun bed, St Tropez tanning, and most recently we have qualified and added the inch reducing American body wrap system onto our wide ranging available treatments. If you have some time come in and see us, you'll be sure of a friendly welcome.
