QUEEN MOTHER'S SECRET GARDEN

6 Days, Departing September 20
From £309
(Single supplement £50)

Scotland's most northern mainland county, the county of Caithness, was home to the Queen Mother, on two occasions each year. This is an area quite different from the towering mountains and wooded glens of the western coastline, for it offers a gentler arable landscape. The Caithness coastal cliffs and surrounding clear, unpolluted sea teem with wildlife and, from the land between Thurso and John O'Groats, good views of the Orkney Islands and the Old Man of Hoy can be enjoyed!

The seabird spectacle along the Caithness cliffs has to be seen to be believed. For the best vantage point, you need to take to the water. We have therefore included a wildlife cruise from John O'Groats that will allow you to view the flocks of seabirds basking along the cliffs, as well as witness the antics of the seals, dolphins and pilot whales that inhabit these waters.

During our outward journey to our Caithness holiday base, we make a stop at the Falls of Shin, a magnificent waterfall. Other destinations on our itinerary include the towns of Thurso and Wick and the Timespan Heritage Centre & Art Gallery at Helmsdale village. Our return journey will even incorporate the opportunity to travel between Helmsdale and Inverness on ScotRail's scenic Far North Line.

PRICE INCLUDES

- Private coach travel throughout
- En route accommodation for two nights in a twin or double bedded room with private en-suite facilities
- Accommodation for three nights in a twin or double bedded room with private en-suite facilities
- Cooked breakfasts and three course evening meals throughout
- Entrance to the Castle of Mey and Gardens
- Visit to the Fall of Shin Visitor Centre, John O'Groats, Thurso, Wick and Helmsdale
- Wildlife Cruise
- Service of our tour driver

Re-Nu has the answer

Looking good after a RE-NU renovation.

MOST fitted kitchens, even if looking tired, have a good basic construction.

However, the doors, drawer fronts and sometimes the worktops can make a kitchen look old and outdated. In 1986, Re-Nu pioneered the idea of renovating kitchens by making and fitting completely new doors, drawer fronts and worktops.

As the most experienced in this method in the industry, Re-Nu has enabled countless customers to enjoy a modern stylish kitchen without the expense and upheaval of having existing units ripped out and completely replaced.

Re-Nu surveys your existing kitchen and helps you select new doors, worktops etc from its extensive range and gives you a fixed price quotation with no hidden extras.

Re-Nu's own fitters, rather than sub-con-

tractors, carry out the installation, and you will be pleasantly surprised at how quickly the work is carried out and how little mess and disruption it causes. Most of its refurbishments take just a day or two.

Choosing Re-Nu makes a great deal of sense. You save money; it's quick and efficient and your refurbished kitchen looks like a new one.

For more information and a survey of your kitchen, call Re-Nu on 0800 195 8641, or see the www.re-nukitchens.co.uk.

Great products at The Fascia Place

THE range of products available in PVC and PVCu from The Fascia Place is really quite amazing.

Most people believe windows and doors are only available in white, but with modern manufacturing processes there are a multitude of colours that make preparation and repainting a thing of the past.

The company can also supply fencing, cladding, verandas and balconies with laminate flooring. Welcome to the neat, clean world of Swish PVC boards where dirt, grime and rot are banished.

More and more people are becoming aware of how good a house looks when it has been given the full roofline treatment.

It's all about the icing on the cake; that really crisp, finished look to complement your windows and doors.

Your home is under constant attack from the elements and there is nowhere more difficult to get at with a paint brush, or more prone to damage from the elements, than the boarding around the edge of your roof.

Swish cellular PVC will solve this problem. Swish Roofline boards will never need painting and will not rot, maintaining their good looks for years. The Fascia Place offers the latest in security combined with style. Sekura is a whole new generation of windows and doors.

Sekura windows are designed to accept the latest shoot bolt locking systems and security hinges on all opening vents to ensure the ultimate in window security thus guarding against attempted forced entry.

Windows are internally beaded ensuring that glazing units cannot be removed from the outside.

The internal beads have a "scotia" effect which gives the window classic internal lines and, when coupled with the elegant external chamfers, combine to offer a positive secure yet truly attractive window. The Fascia Place now supplies all you need to complete a lean-to roof in a pack. All you need to do is supply the firm with the dimensions required and it will do the rest.

The head office is at Camberley at 26 Doman Road, York Town Industrial Estate. Tel: 01276 65498. The Guildford branch is at Unit D, Woodbridge Park Estate, Woodbridge Road. Tel: 01483 301666.

All products and work are guaranteed for 10 years.
