Kitchens easily transformed

MOST fitted kitchens, even if looking tired, have a good basic construction. However, the doors, drawer fronts and sometimes the worktops can make a kitchen look old and outdated.

In 1986, Re-Nu pioneered the idea of renovating kitchens by making and fitting completely new

doors, drawer fronts and worktops.

As the most experienced in this method in the industry, Re-Nu has enabled countless customers to enjoy a modern stylish kitchen without the expense and upheaval of having existing units ripped out and completely replaced.

It's as simple as this; Re-Nu

surveys your existing kitchen and helps you select new doors, worktops and so on, from its extensive range. Re-Nu can also supply and install any new appliances you may want built in, supply and fit matching new units, or rearrange existing ones to improve the layout. They give you a fixed price quotation with no hidden extras.

The installation is carried out by Re-Nu's own fitters, rather than subcontractors, and you will be pleasantly surprised at how quickly the work is carried out - and how little mess and disruption it causes.

It's also very quick most refurbishments taking just a day or two to complete. The company is very experienced having made and fitted more than 20,000 made to measure doors and literally miles and miles of worktops.

Choosing Re-Nu makes a great deal of sense. You save money; it's quick, clean and efficient - and your refurbished kitchen looks like a brand new one as you can see from these "before" and "after" photos.

Why not go along to the Re-Nu Special Exhibition running at the Wilfred Noyce Centre, Crown Court, Godalming, from 10am to 4pm on Saturday, October 6, and find out how the Re-Nu Method can help you?

If you can't go along to the Re-Nu exhibition call freephone 0800 195 8641, or see the website at www.re-nukitchens.co.uk

Swish solutions at the Fascia Place

THE range of products available in PVC and PVCu from the Fascia Place is really quite amazing.

Most people believe windows and doors are only available in white, but with modern manufacturing processes there are a multitude of colours that make preparation and repainting a

thing of the past. The company can also supply fencing, cladding, verandas and balconies with laminate flooring.

Welcome to the neat, clean world of Swish PVC boards where dirt, grime and rot are banished.

Your home is under constant attack from the elements and

there is nowhere more difficult to get at with a paint brush than the boarding around your roof.

Swish cellular PVC Roofline boards never need painting and never rot, maintaining their good looks for years.

The Fascia Place offers the latest in security combined with style. Sekura is a whole new

generation of windows and doors.

The firm's head office is in Camberley at 26 Doman Road, York Town Industrial Estate (01276 65498).

The Guildford branch is at Unit D, Woodbridge Park Estate, Woodbridge Road, call 01483 301666.

Home with Milford Windows

The Milford Window Company offers quality hardware.

THE Milford Window Company is your local window, door and conservatory installer, specialising in PVCu and aluminium.

It is a family run business that has established itself as a reputable company over the years, the majority of its work generating from recommendations and referrals, which it

prides itself on.

The firm has decided not to follow the trend and go down the "bargain basement" product line and instead offers superior quality hardware such as a choice of stylish handles including "gun metal" and polished chrome, hinges, door and window gearing, locks, and so on, at sensible prices.

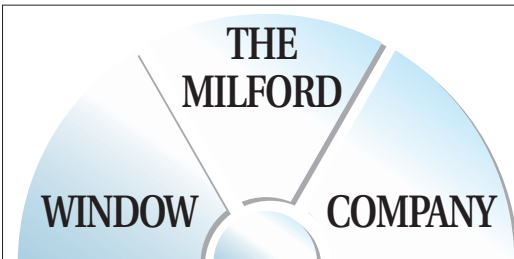

Over the last year it has introduced some fabulous new products

which are proving to be very successful.

These include bi-fold doors - an exciting alternative to patio doors.

Its workmen are the company's employees; sub-contractors are not used.

For further information, call 01483 426141.
