Truly Wonderful Value 2008 Summertime Cruises from London Tilbury

Fantastic Destinations

ON BOARD MS MARCO POLO

Welcome aboard!

Join us for an unforgettable holiday, as you sail from Tilbury on one of our range of wonderful – and wonderful value – cruises on board the excellently appointed *MS Marco Polo*.

There really is nothing finer than a holiday that combines fascinating days and exciting nights, in a variety of different, interesting destinations, time spent in the company of friendly faces and all the comforts of a good hotel. This is what we have on offer on board *Marco Polo* next summer, and all at superb value prices!

In an age of vast, impersonal, floating hotels, 22,000-tonne *Marco Polo*, her profile marking her out as the epitome of sea-going elegance even before you've stepped aboard, is a beautiful ocean liner in the classic tradition. Offering high levels of comfort, sumptuous dining in stylish surrounds, and a genuinely warm welcome from a crew who go out of their way to place your enjoyment of your holiday above everything else, *Marco Polo* will offer everything you might expect of such a vessel, from the minute you first glimpse her, until the time you bid her "Adieu".

Our fantastic value cruise programme features Round Britain voyages, journeys to the heart-stoppingly beautiful Norwegian fjords, journeys north – beyond the Arctic Circle – to remote North Cape, the Land of the Midnight Sun, and to Iceland, stunning realm of geysers and volcanoes, to the Baltic cities, where you'll call at magnificent Tallinn and Imperial St Petersburg, as well as Scandinavian capitals Helsinki, Stockholm and Copenhagen; to the Emerald Isle and Scotland, and finally, as "autumn leaves begin to fall", to the glorious Caribbean!

We look forward to the pleasure of your company!

from just **£379**
 (Including Gratuities!)

- Sailing from the UK- no flying!**
- British Isles, 9 nights' from £599.00

Ask a Specialist

Family run window firm

THE Milford Window Company is your local window, door and conservatory installer, specialising in PVCu and aluminium.

It is a family run business that has established itself as a reputable company over the years, the majority of its work generating from recommendations and referrals, which it prides itself on.

Its success is due to offering excellent quality products together with a high level of friendly, no pressure-sales customer service that is second to none.

The firm has decided not to follow the trend and go down the "bargain basement" product line and instead offers superior quality hardware such as a choice of stylish handles including "gun metal" and polished chrome, hinges, door and window gearing, locks, and so on, at sensible prices.

Over the last year it has introduced some fabulous new products which are proving to be very successful. These include bi-fold doors.

These are an exciting alternative to patio doors. They add versatility and style to your home, making socialising and entertaining more pleasurable.

With no barrier between your home and your garden – you won't know where one starts and the other stops. And with a great choice of colours and finishes, your home will be instantly unique!

Its coloured doors are still very popular. These products are not run-of-the-mill composite doors. With many choices of colour, glass styles and handle choices available, customers are able to design their own doors.

They are the nearest you can get to looking like a traditional wooden door with the added advantage of being maintenance free and far more secure using hook bolts, cams and dead-locks in seven places.

The colours are sharp, unlike the dull colours which are often the result of composite door. Another product in demand is Celsius glass, which enables you to use your conservatory all year round.

It keeps the sun's energy out in summer and keeps the interior warm in winter.

It also stays cleaner for longer than conventional glass. A transparent coating bonded into the external surface of the glass uses the power of ultra-violet rays and the rain to break down dirt and grime and wash it clean away.

With the rising cost of houses prices and

The Milford Window Company has lots of products to improve your home.

the costs that are involved in moving house, but you need that extra space, staff at the Milford Window Company can help you design a bespoke conservatory to solve your problems.

All work is covered by insurance-backed guarantees and it is a registered member of FENSA and the UK Trades Confederation.

Its workmen are the company's employees, sub-contractors are not used. More details on 01483 426141.

Huge range at Fascia Place

FASCIA Place Limited has seven local depots. All are open to both trade and DIY enthusiasts.

All products and work are guaranteed for 10 years – another worry dispelled.

The range of products available in PVC and PVCu is quite amazing, most people believe windows and doors are only available in white, but with modern manufactur-

ing processes there are a multitude of colours that make preparation and repainting a thing of the past. The company can also supply fencing, cladding, verandas and balconies with laminate flooring.

See advertisement for more details.
