## The Fascia Place

THE range of products available in PVC and PVCu from The Fascia Place is really quite amazing.

Most people believe windows and doors are only available in white, but with modern manufacturing processes there are a multitude of colours that make preparation and repainting a thing of the past.

The company can also supply fencing, cladding, verandas and balconies with laminate flooring. Welcome to the neat, clean world of Swish PVC boards where dirt, grime and rot are banished.

Your home is under constant attack from the elements and there is nowhere more difficult to get at with a paint brush, or more prone to damage from the elements, than the boarding around the edge of your roof.

Swish cellular PVC will solve this problem. Swish Roofline boards will never need painting and will not rot, maintaining their good looks for years. The Fascia Place offers the latest in security combined with style. Sekura is a whole new generation of windows and doors.

The head office is at Camberley at 26 Doman Road, York Town Industrial Estate. Tel: 01276 65498. The Guildford branch is at Unit D, Woodbridge Park Estate, Woodbridge Road. Tel: 01483 301666.
